---

Dear Chief:

I'm a professional photographer and former NYPD police officer in the process of creating a Police K-9 calendar for the year 2011. I would be very interested in photographing one or more of your K-9 police officers and their dog for this project.

There is no cost to you or the department and a portion of the calendar proceeds benefit Kevlar For K9's, a non-profit organization that provides bullet proof vests for working police and military dogs.

The photographs for the calendar are normally taken during the officer's regular day off or during scheduled training sessions so that it does not interfere with the officer's police duties and responsibilities.

Any photograph that may be used in the calendar will be submitted to you and the police officer for approval prior to publication.

Calendars from 2007, 2008, 2009 and 2010 can be viewed at [www.policedontmove.com](http://www.policedontmove.com).

If you have any questions, I can be reached via telephone at 609-947-7205 or email at [exnikon@aol.com](mailto:exnikon@aol.com).

Thank you,

John Baer
